

HAY CAN GIVE BOERS NO HOPE

Transvaal Envoys Are Told That the United States Can Do Nothing.

MUST STAND NEUTRAL

This Nation Has Done All That Is Possible Under the Circumstances.

WILL APPEAL TO THE PEOPLE

Washington, May 22.—[Special Telegram.]—The South African envoys received in a philosophical manner their turn down yesterday at the State Department. They decline to discuss the matter further than to say that they are sorry that recognition and sympathy for the republics cannot be obtained from an official source. They called on the president this morning in an entirely unofficial capacity.

President McKinley received the envoys in the blue room, adjoining to the south porch where the visit was continued a quarter of an hour. The president said that had he been able to bring about peace by mediation it would have been one of the happiest acts of his life. He assured them that he was glad to see the envoys any time they wished to call.

Washington, May 22.—Yesterday afternoon the three peace delegates from South Africa were plainly told by Secretary Hay that interference by the United States in the war between Great Britain and the Transvaal Republic is impossible.

Great frankness was indulged in on both sides. It was man speaking to man, and much feeling was shown during the solemn hour in which the representatives of the little republics learned that their mission in America is absolutely hopeless.

A Very Serious Matter
From a political standpoint the visit of the Boer envoys is regarded as a very serious matter, and presents the most embarrassing problem the administration has had to meet since the opening of the war with Spain. It is conceded that the people of this country have a profound sympathy with the two little republics in South Africa, which they would be glad to have expressed by the government in a practical manner.

Appeal to the People
Mr. Fischer and his associates have never concealed their intention to appeal to the people of the United States in the event of the president's declining to intervene in behalf of their fellow-countrymen. They have made this very clear since they arrived in Washington, and, as one of them expressed it: "If the president denies our request we shall appeal under Caesar."

They are willing to relinquish everything else, to pay any indemnity or accept almost any conditions, provided the two South African republics can retain their independence. They require that the United States shall compel Great Britain to concede their independence at the moment of their submission and demand that we shall make war against England if she refuses to do so.

They do not themselves put it in those harsh terms, although their sympathizers and the committee which is looking after their comfort does not hesitate to do so in their presence. In the event of the final refusal of the president to act they propose to make a tour of the country, holding meetings wherever and as often as they can for the purpose of exciting sympathy and invoking public opinion in support of their mission.

They expect in this way to make a political issue of Boer independence in the next campaign and assist to elect a candidate for the presidency who shall promise to come to their defense even at the cost of a war with England.

Those Who Favor Boers
Thus far no republican has taken any part in the reception or entertainment of the Boers except a few anti expansionists like Mason and Wellington, who are already out with the administration and seize upon every opportunity to add to the President's embarrassments. The prominent democrats in Congress are also holding back. They are not quite ready to undertake the Boer cause as yet for the reason that they do not see where it is going to lead them.

The democratic managers are not willing to advocate war in the defense of South African independence, although they are of course perfectly willing to use the Boer envoys to make political capital so far as they are able to do so without committing themselves to the ultimate consequences. The Irish-American and German-American elements in Congress, the populists and the anti-expansionists are very much in earnest and show great activity in behalf of the Boers.

May Conceive a Plan.
It is taken for granted that the president will decline to intervene, although it is possible that he and Secretary Hay may conceive some method of carrying

out the wishes of the Boer envoys without involving this government in a snarl. The president naturally sympathizes with the South Africans, but at the same time recognizes the difficulty of intervening in their behalf without endangering our friendly relations with Great Britain.

The parade was participated in by eighty-one Temples. The parade was remarkable for its brilliancy and effectiveness. The ceremonies were followed by a trip down the Potomac.

STRIKE AT ST. LOUIS STILL UNSETTLED

Non-Union Street Car Conductor Shot While Walking to His Work This Morning.

St. Louis, May 22.—[Special Telegram.]—The fifteenth day of the strike shows no change. B. L. Kilgore, a non-union conductor, was fatally shot by unknown striker this morning while walking to work. The duration of the strike is believed to depend on the action of the house committee on the world's fair appropriation on the theory that the chief promoters are transit company stockholders.

MONTANA CASE IS POSTPONED

Senate Will Take It Up Thursday—Maginnis Starts for Washington.

Washington, May 22.—At the request of the committee on privileges and elections the resolution relating to the Montana senatorial case was postponed by the senate today until Thursday at 1 o'clock.

LEADERS FIGURING ON SECOND PLACE

DISCUSS SELECTION OF MCKINLEY'S RUNNING MATE.

Secretary Long Said To Be Acceptable to the Administration—Schley May Be Named by the Democrats—Roosevelt and Depew Both Regarded as Possibilities.

Washington, D. C., May 22.—One month from today in all probability the Philadelphia convention will have concluded its labors, or the ticket will be sufficiently well indicated. Of course, there is no doubt of President McKinley's renomination by acclamation, but there is a good deal of a question as to the second place on the ticket.

It is a significant fact that in the last week or two in nine cases out of ten when republican congressmen or officials are asked to make a guess as to the probable nominee for vice president, Secretary Long is named.

He seems to have received not exactly the endorsement of the administration, but a certain friendliness which is peculiarly significant, and in the opinion of many well posted republican leaders Secretary Long will reach Philadelphia with the tacit support of the administration.

Schley Would Oppose Long.

The democrats are not saying much on the subject, but it seems to be quite well understood by friends of Admiral Schley that if Secretary Long is nominated for the vice presidency on the republican ticket Schley will be elected for second place on the democratic ticket and thus the Kansas City convention would be able to go before the people with the only two candidates who actually served in the Spanish war.

It is a well known fact that the friends of men like Fairbanks, Spooner, and Deliver do not at all relish the idea of their being cast for second place at this time, because all three of them would be natural candidates in 1904, and Senator Fairbanks, coming from a doubtful state, would under ordinary circumstances be an almost inevitable candidate for the presidency four years from now.

Depew or Roosevelt Possible

In the opinion of the politicians the nomination for second place should go logically to New York or to a neighboring state, and there are whispers that after Long has been duly killed off, he can be in advance of the convention, Tom Platt will spring a surprise by throwing the solid vote of his delegation for Chauncey M. Depew. There are still many members of congress who believe the convention will after all be swept off its feet and the nomination of Roosevelt brought about in spite of his personal protest.

ENGINEERS FOR FLORY

Would Like to See Him Governor of Missouri—Elections Next Thursday.

Milwaukee, May 22.—The Brotherhood of Locomotive Engineers began work yesterday, the insurance department having finished its business. During the afternoon session the brotherhood dipped into politics to the extent of endorsing Joseph Flory of Missouri, the republican candidate for governor of that state. Mr. Flory is a member of the conductors' organization, which was the reason for the action of the brotherhood.

The election of officers will come up on Thursday. There now seems no question of the re-election of Chief Arthur for another term. The opposition has lost force during the past few days, and various candidates have about decided to wait until Chief Arthur serves out another term, when it is intimated he will retire.

The matter of the Mattoon home will come up today. The women's auxiliary at its session today passed resolutions in favor of the use of the union labor label on all manufactured articles.

At the session of the Auxiliary of the Brotherhood of Locomotive Engineers yesterday afternoon the following officers were elected:

Grand President—Mrs. W. A. Murdock of Chicago.
Grand Vice President—Mrs. M. E. Cassel of Columbus, O.
Grand Secretary—Mrs. Harry St. Clair of Logansport, Ind.
Grand Treasurer—Mrs. Bailey of Buffalo, N. Y.

CURFEW LAW FOR AURORA

Illinois Town Will Give It a Thorough Test.

Aurora, Ill., May 22.—By a unanimous vote last night the Aurora city council enacted a curfew law making it a misdemeanor for persons under sixteen years of age to be on the streets of Aurora after nine o'clock at night without proper guardians. The curfew ordinance was enacted in accordance with a vote of the people as given at the recent city election, and the law will be rigidly enforced, so the people will have ample opportunity to prove its merit or failure.

Shortage About \$80,000

Washington, May 22.—[Special Telegram.]—From reports received from the inspectors who went to Havana after the exposure of the postoffice frauds, it is now hoped that the shortage will not exceed eighty thousand dollars.

HALF-RATE FARES FOR WAR VETERANS

WESTERN PASSENGER ASSOCIATION MAY GRANT PERMIT.

Soldiers of the Civil War, Union and Confederate, Will Be Included—More Entitled to Half Rates Than Clergymen—Will Benefit 1,500,000 People.

Chicago, May 22.—Veterans of the Civil War, Union and Confederate, may soon be able to travel in Western Passenger Association territory for half fare. After considerable quiet agitation on the subject the executive committee of the association, which represents about thirty of the big railway systems of the West, has decided to consider at its meeting Thursday a proposition to grant a permanent half fare rate to the war veterans.

In Favor of the Measure.

Several members of the committee are said to be heartily in favor of the measure, and will do all they can to secure the passage of a resolution favoring the proposition. If such a measure is put through it will go as a recommendation to the association and will then be voted upon by all the lines in the organization. Men who are back of the move believe that if the favorable action is taken the example will be followed by other associations and eventually old soldiers will enjoy reduced rates over every line of railway in the country.

It is claimed that veterans who fought on both sides in the war are more entitled to half rates than clergymen who have been enjoying the privilege for many years.

Means a Big Concession.

The concession asked is by no means a small one. There are today about 300,000 members of the Grand Army and fully 400,000 who are entitled to membership. In the ranks of the confederate veterans there are fully 500,000. If the permanent half fare is granted the majority of those outside the Grand Army ranks would undoubtedly join, for it is the present purpose to make the rate available only to members of the Grand Army and to members of organizations made up of confederate veterans. If it becomes effective the western roads will practically be granting a half fare rate to 1,500,000 people.

The Algoma Street M. E. church has been beautifully decorated for the convention and will form splendid headquarters for the big meeting. The church is decorated on all sides with the national colors and large American flags draped in brilliant folds. A large picture of the late Frances E. Willard is conspicuous in the front part of the auditorium of the church.

MANDAMUS FOR GOVERNOR MOUNT

New Authorities in Kentucky Pushing the Arrests in Goebel Murder Case.

Indianapolis, May 22.—[Special Telegram.]—It is understood that democratic attorneys are preparing a suit to mandamus Gov. Mount to honor the requisition from Governor Beckham of Kentucky for Finley.

Barbourville, Ky., May 22.—[Special Telegram.]—Capt. John L. Powers, charged with being an accessory to the death of Goebel, was captured last night at Bryant's store in this county. He offered no resistance. He was brought here but before he could get the train for Frankfort the officers were served with a writ of habeas corpus.

POLICE BELIEVE HE WAS MURDERED

New York, May 22.—[Special Telegram.]—The body of a well dressed man recognized as James W. Moyle of San Francisco was washed out of the Hudson river near Grand street, Jersey City, this morning. There was a rope around his neck and his tongue and eyes bulged out. He had been strangled before his body was placed in the water. The police believe Moyle was murdered.

QUAY IS STILL A CANDIDATE

Will Seek Re-election to Senate and to National Committee

Philadelphia, Pa., May 22.—Ex-Senator Quay arrived in Philadelphia from his farm in Lancaster county. He left for Avalon Beach, N. J., early today. When seen this morning just before his departure Mr. Quay said:

"I am a candidate for the United States Senate to succeed myself, and I expect to be elected by the next General Assembly. I expect to make a fight there. I am in the fight to the finish, and what is more to the point, I anticipate winning against those who would seek to accomplish my defeat."

"I know of no reason why I should not go back to the National committee as the member from Pennsylvania. I have told no one that I would not accept a re-election."

NEVER SAW A RAILROAD TRAIN

Thomas Muncey Lived Ninety Years in His Maryland Home.

METHODISTS ELECT TWO NEW BISHOPS

D. H. MOORE AND J. W. HAMILTON SECURE THE PRIZES.

The Conference Also Settled the Much Vexed Woman Question by Permitting Women to Become Delegates to the General Conference Hereafter.

Chicago, May 22.—[Special Telegram.]—On the seventeenth ballot this morning the Methodist conference elected D. H. Moore and J. W. Hamilton additional bishops. Moore is editor of the Western Christian Advocate and Hamilton is secretary of the Freeman's Aid Society.

The conference also settled the woman question by changing the word "layman" to "lay members" thus permitting women to become delegates to the general conference. This has been a hope of contention for a century among Methodists.

Chicago, May 22.—[Special Telegram.]—Two bishops may be elected on the seventeenth ballot which was taken in the Methodist general conference this morning. On the sixteenth ballot taken yesterday and announced today D. H. Moore received 423 and John W. Hamilton 413 votes of the necessary 430.

The election situation is troubling the leaders of the conference and Dr. Buckley yesterday afternoon spoke in favor of postponing the election indefinitely, if after two more ballots no one seems reasonably sure of winning. John Lanahan, 88 years old, moved that the election be postponed. On motion to the table it was carried by a majority of only fifteen, the clerk counting 315 votes for and 300 against the motion.

MADISON WILL GET Y. M. C. A. BUILDING

Governor Scofield, Senator Whitehead and Others Speak at a Banquet Held Last Night.

Madison, Wis., May 22.—The first annual banquet of the Young Men's Christian association of the University of Wisconsin, held in Guild hall of the Episcopal church last evening, was successful both in attendance and in the boost given the movement for the new \$75,000 building which the association hopes to erect within the next year. One hundred and nine persons were present, including a number of the leading Y. M. C. A. men of the state. Chief Justice J. B. Cassidy of the Supreme court made a happy toastmaster. The toasts were as follows:

"The Need of Undenominational Christian Work in the University," Gov. Scofield.
"Christian Influences in the University," John Johnston, Milwaukee.
"The University Association," Dean E. A. Birge.

"The Strategic Point in Our State Work," Senator John M. Whitehead, Janesville.
"A Business Man's Point of View," F. W. Gause, Chicago.
"The University Association Building a Necessity," C. C. Mitchell, Evanston, Ind., field secretary of the International Y. M. C. A. committee.

The proposed new building, for which Architect A. D. Conover of Madison has prepared rough plans, is to be nearly as large as the big gymnasium beside which it will stand. It will be of classical style with outer walls of dark pressed brick with light colored stone trimmings. The ground dimensions will be 64x160 feet. Its height will be five stories or about 90 feet.

BULLER CLEARED NATAL OF BOERS

Laings Nek and Majuba Hill Are Reported as Evacuated.

MAHON WAS THE HERO

Gallant British Colonel Brought About the Relief of Mafeking Last Thursday.

POWELL'S STAR RISING HIGH

London, May 22.—[Special Cablegram.]—Gen. Buller wires from New Castle: "While on the march to New Castle Monday one squadron of mounted infantry was ambushed six miles southwest of Vryheid. Very few escaped. Two lieutenants are missing. Total casualties sixty-six."

London, May 22.—[Special Cablegram.]—It is officially announced that Col. Bethune has been ambushed by the Boers near Vryheid and that only a few of his force escaped. Bethune is the cavalry commander under Gen. Buller. Vryheid is just over the Natal border in the Transvaal.

Cape Town, May 22.—[Special Telegram.]—Gen. Buller finally has cleared Natal of the Boers. Laings Nek and Majuba Hill are reported to be evacuated, although some of the Boers still remain. One of Huddles patrols near Olco Lane was fired on by the enemy and one killed.

Col. Mahon Was the Hero.

London, May 22.—The official confirmation of Mafeking's relief by Lord Roberts is a source of great relief to the tape-bound officials of the war office. They hoped the news was true on Friday night, but not until yesterday did they accept the story.

The town was relieved late on Thursday by the combined forces of Colonel Mahon, who commanded the mysterious relief column, and Plumer's men, a total of about 2,300.

Mahon's column was organized by General Hunter and started from Barkley May 4. It covered the distance to Vryburg, 130 miles, in five days.

Baden Powell's Star Rising High.

Baden Powell's promotion to Major General is satisfactory to the public as far as it goes, but generally more honors are said to be in store for him. The report is: he is to be made a K. C. B., and another says he is to be made a baronet.

The brave colonel's popularity, however, continues on the ascendancy. One Birmingham firm has struck 2,000,000 medals bearing his likeness since Friday and still cannot supply the demand.

Fortifying at Johannesburg.

A Lourenzo Marquez dispatch of May 11 says: "The defense work of Johannesburg is progressing rapidly. Six guns brought from the front have been emplaced in a fort, while trenches and trenches intersect Katzerand near Klipdrivesberg, behind the race course."

Will Defend Pretoria

Cape Town, May 22.—The Argus announces positively that the Boers will defend Pretoria. The paper adds that the Boer besieging force at Mafeking captured the British troops that have reached Vereeniging, just across the Vaal river. The Boers also captured twenty-five locomotives.

WAITING FOR THE SECOND ADVENT

English Branch of the Creed Making Preparations for the End of the World.

London, May 22.—The Second Adventists of England are busy at present making preparations for an early translation of the faithful to heaven. A year ago the members of the Russian wing of the church sat up many nights in white raiment and waited for a second coming of the founder of the Christian religion. Thirty years ago all over America the same thing was happening, and now in England, the faithful, if few followers of the Adventist apostles are preparing for the climax of their hopes.

In Chelsea Basil Seton, an earnest evangelist and an ex-colonel in the army, standing 6 feet 4 inches, is delivering weekly addresses and exhorting Christian people of all denominations to make special preparation. "The day of the Lord is indeed at hand," he says. "I can't give you the date, but everything shows to thoughtful men that the tribulation of the last day is casting its shadow before."

Milton, Wis., May 22, 1900.

The high school boys organized a base ball nine and wanted a game, so they telephoned to Whitewater and were informed that the Whitewater nine would be glad to play any team the Milton nine could pick up. Akin barred, so the kids got three or four "has beens" to help them out and appointed Friday for the day of slaughter. None of the nine had played this season and when the burly Whitewater team got off the train the spectators said, "the juveniles are up against it" for sure. Now Whitewater is a good town and Ed. Coe who is a good fellow and an old time friend lives there (except when he is in Milwaukee drawing his salary) and we have no desire to say anything that might hurt his feelings about Whitewater's base ball team, therefore we will tell the whole story by giving the score which was twenty (20) to ten (10) in favor of Milton, with not an earned run on the visitors score sheet. Some of the Whitewater boys should button up their mouths when they go away from home and then everybody won't find out that their brain pans are empty.

CENSUS MAN WILL
SOON BE WITH US

WILL ASK BLUNT QUESTIONS
BUT DON'T GET ANGRY.

He Has Orders To Be Firm But Always Polite—His Mission is Confidential, and Jail and a Fine Awaits Him if He Tells What He Finds Out.

Some time about June 1 a man will call at your house and ask you questions. It may be that the questions that he asks you will strike you as being very personal in nature. You will find him possessed with a raging curiosity as to your age, condition, business status, family relations and financial capabilities. He will even go so far as to inquire earnestly of you whether you are white or black.

Perhaps he may exasperate you, but you must remember that he is a man and a brother and refrain from hitting him with the furniture, for he is employed by the government to get you down on paper and make you part of the census of 1900.

With Reference to June 1 Officially the census begins on June 1. As there aren't enough census enumerators to make the entire rounds on that day, or for many days following, in all probability the process will be stretched out a good deal, but all questions will be asked and answered with reference to that day.

For instance, the enumerator may arrive at your house on June 6 or 7 and find that you were married on June 2. Down you go on his list as a bachelor, you wife set down as a spinster living at the residence of her parents. The census won't recognize your marriage at all because it took place after June 1.

Similarly you may be dead since the first day of the month, but if the enumerator finds out that you were alive on that day you are a part of the population and will be counted as a fictitious existence in the sum total. Should a baby be born in your household after June 1, the child is non-existent so far as the census goes. Nothing, absolutely nothing can happen to you between the 1st of June and the date of the enumerators arrival. The law says so and the law goes.

Must be Civil and Polite.

When the enumerator comes to your house, he will identify himself by his official schedules and also by a badge which he will wear on his waistcoat. He is bound by his instructions to be not only civil but patiently polite, and if he isn't you can write a complaint about him which supposedly, will receive prompt attention.

Special stress has been laid on this matter of politeness in the instructions to the enumerators and they have been warned that any proof of bad manners will result unpleasantly for him. Uncle Sam recognizes that the average American resents having to discuss his private affairs with outsiders and has set out to make this census as little of an ordeal as possible. At the same time it is to be pretty sweeping in its scope.

What He Wants to Know

Here are some of the things which the enumerator will want to know about yourself and the inmates of your household, and he won't necessarily depend upon the evidence of your eyes, either. He will ask you outright your sex and color, and the fact that you wear trousers and a white skin won't excuse you from answering. He will ask you the date of your birth, month and year, whether you are single, married, widowed or divorced; how long you have been married to your present consort, how many children you have had and how many are now living, whether you are deaf, dumb, or blind, and he will require to know these things about each member of your family.

You will be expected to tell where you were born and if you are a native of another country, when you came to this country and what steps, if any, you have taken to become a citizen.

Must Tell Your Business

Then your business will come under consideration, and here is where the enumerators anticipate the greatest trouble. A business man generally considers his business as his own business and nobody else's, and prefers to tell almost anything else about himself rather than give details of the processes whereby he makes his living.

But the government is just as much interested in your business as it is in your household. It wants to know just

what your business is, and if you have more than one you will be listed under the head of that one from which you derive the chief part of your income. In case you aren't sure of that, the one you spend the most time and effort on will be the one under which you will be described.

Some persons have no occupation. They will be asked whence their income is derived, and if they receive most of it from loaned money, stocks, bonds, or other securities, you are a capitalist by the government definition. In case one hasn't any income at all there will probably be a note to that effect and the government will probably be too polite to set anybody down as a hobo. If there were any months or parts of the month in the last year when you were out of work the enumerator will want to know about that, but vacation isn't sufficient to land you in the great company of the unemployed.

Enumerator Must Forget It All

You are to tell whether you own your own home and if so, whether it is mortgaged. Also, you are expected to state whether you can read and write the English language. If you can't, but can read and write some other language, that is duly set down to your credit and saves you from the stigma of illiteracy.

When the census enumerator gets through with you he will probably know things about you that your most intimate friend doesn't know. As soon as he has asked and received the answer to his last question he is expected to leave your premises and promptly forget everything he has found out. If he doesn't forget it, or behave as if he had forgotten it, he will get into very hot water.

The Real Danger

from heart disease is not the possibility of a sudden death, for they are comparatively few; but following in the wake of this dread disease comes a general breaking down of every organ of the body. Circulation is retarded; digestion is deranged; the blood is contaminated, the nerves weakened and the brain clouded. If your heart is affected begin at once to guard against these dangers. Dr. Miles' Heart Cure, has rescued thousands who were given up to die, and it will help you, too, if you try it. "For several years I was troubled with nervousness, sleepless, palpitation of the heart, short of breath, smothering spells and pain in chest, back, left side and arm. I was so very bad that I remained in my bed the whole of one summer. Was treated by three physicians, but derived no benefit. Finally I saw a paper advertising Dr. Miles' New Heart Cure and Restorative Nervine. I began their use and was so greatly benefited that I am now doing my own housework and enjoy excellent health." Mrs. BERTHA KURTZ, 906 20th St., Milwaukee, Wis.

HOUSE PASSES 8-HOUR BILL

Also One Against Inter-State Traffic in Prison-Made Goods.

OUTDOOR WORK IN SOUTH

By Convicts the Cause of Sharp Inquiries by Members from Southern States Regarding Convict Labor—Turkish Minister to See Hay.

Washington, D. C., May 22.—The House under suspension of the rules passed two important bills reported by the committee on labor—one to extend the eight-hour law to all laborers employed under contract on government work and the other to prohibit interstate traffic in prison-made goods by bringing them under the jurisdiction of the police powers of the state. The former bill is designed to carry the law of 1892 to its logical conclusion. The convict-labor bill caused some sharp inquiries from members from southern states, where prison labor is employed in the fields and in the mines, but upon assurances that it would not interfere with the production of coal, cotton or lumber, the opposition was not pressed.

Clark and Maginnis.

Washington, D. C., May 22.—It was rumored in the senate corridors that Mr. Clark of Montana would not present his credentials, and that the governor's appointee, Maj. Maginnis, will also refrain from forcing the committee on privileges and elections to take action. It was also said that the committee would not ask the consideration of the resolutions in the Clark case and that the whole matter will be permitted to pass over.

Canal Bill Laid Over.

Washington, D. C., May 22.—The vote in the senate defeating Mr. Morgan's motion to take up the Nicaragua canal bill will, it is believed, effectively dispose of the bill during the remainder of the session. It is not regarded as probable that Mr. Morgan will make any further effort to secure consideration of it this year.

Rathbone Suspended from Duty.

Washington, May 22.—Estes S. Rathbone, director general of posts in Cuba, the man who is charged with being responsible for the wholesale frauds that have been going on in the insular service, was suspended from duty by Postmaster General Smith this afternoon.

TO SEE HAY THIS WEEK.

Turkish Admiral Will Be Presented to the Secretary.

New York, May 22.—According to a special to the Herald from Washington All Ferrouth Bey, the Turkish minister, is expected to present Ahmed Pasha, rear admiral of the Turkish navy, sent to the United States to place a contract for a Turkish cruiser and to settle the American missionary claims, to the secretary of state and the secretary of the navy this week. Ahmed Pasha is expected to present himself today at the Turkish legation. His statement that he would get instructions through the minister is not understood in Turkish diplomatic circles here. The understanding of the authorities has been that the admiral would bring instructions for the settlement of the dispute. If the admiral's trip is only one of inspection, then, it is said, the authorities will be certain that the sublime porte is only seeking delay and they will more vigorously exert pressure to force it to pay the indemnity.

PROVE ALL THINGS.

This Command is Easy to Fulfill in Janesville.

To win a wager an English Marquis stood on London bridge and offered for an hour British sovereigns (\$5) for five shillings (\$1.25). He could not find a customer. There are several good reasons why the ordinary mortal could not be induced to buy, but no reason can be given why Janesville people will not accept the following convincing proof about Doan's Kidney Pills. Read this:

Mr. Thos. Pratt of 281 South Main St says: "I doctored off and on for forty years, attempting to rid myself of backache, which came on by spells, very painful when at their height and even when somewhat allayed, the dull aching was sure to manifest itself if I overtaxed myself, caught cold or did any work which brought a strain on the muscles of the back. Often I have been so lame and sore that there were days I was confined to my room almost helpless, certainly unable to get up or down. Like a great many other people in Janesville I procured Doan's Kidney Pills at the People's Drug Co.'s store, led to do so by the peculiar advertisement which riveted my attention. After taking a thorough course of the remedy I was able to go to the quarry and sling an eighteen pound hammer without showing any signs of a recurrence. If I am subjected to future attacks I know what remedy to employ."

For sale by all dealers. Price, 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name Doan's and take no other.

Men who are always in a hurry, and most men are, want a soap for the toilet that will lather quickly and freely in hot or cold water. Other soaps than Ivory may have this quality, but will likely contain alkali, which is injurious to the skin. Ivory Soap is made of pure vegetable oils, no alkali, produces a white, foamy lather, that cleanses thoroughly and rinses easily and quickly. Money cannot buy a better soap for the toilet.

Michigan Bank Is Closed.

Pontwater, Mich., May 22.—The banking house of Nielson & Co., failed to open its doors this morning, and the circuit court has been asked to appoint H. H. Bunyca, a brother-in-law of Mr. Nielsen and one of the heaviest depositors, as receiver. A delegation of depositors went before the court today and protested against Mr. Bunyca's appointment. The liabilities are unofficially estimated at from \$75,000 to \$100,000. It is impossible at this time to form an estimate of the assets.

Ready for Mothers' Congress.

Des Moines, Iowa, May 22.—The arrival of the presidential party, Mrs. Theodore W. Birney and her cabinet, and a large party from Philadelphia, early today marked the preliminary to the opening of the mothers' congress. Delegates continued to arrive on all the trains. The presidential party breakfasted together at the Savery house and repaired to the home of Mrs. I. L. Hillis, state regent for Iowa, to hold a board meeting previous to the opening of the congress.

Siamese Admiral Here.

San Francisco, May 22.—The admiral of the Siamese navy was a passenger on the steamer City of Peking, which has just arrived here. He is A. Du Plessis de Richelieu, who for twenty-six years has been in command of the small but efficient fleet that protects the little Asiatic nation from foes on the sea. Admiral Richelieu is also a lieutenant in the Danish navy, and is now on his way to his native city of Copenhagen on a visit. He will also go to the Paris exposition.

Ice Is Out of the Yukon.

Victoria, B. C., May 22.—A telegraphic report of the river and lake conditions received by the management of the White Pass railroad by the steamer Danube leaves no more doubt that the ice king has loosed his grip of many months on the Yukon, and that steamers are again navigating the waters and scows and other craft are beginning to run. Another important point made in the report is to the effect that the water in the river is rising.

Upon Summers' arrival Riggs opened fire with a revolver, killing him almost instantly. Riggs came to town and surrendered.

THIS DAY IN HISTORY.

1741—Constantine the Great died; born 284. 1741—The first baronet created in England; they paid £1,000 each for their patents. King James I instituted the order of baronets to raise a sum of money for the reduction of the province of Ulster, in Ireland. The degree is next below that of baron, but the holder is a commoner. All baronets have the right of a peerage to their coat. Originally numbering 200, lapses by death were not filled at first, but the custom soon gave way. Candidates were required to be of gentle blood and able to support the dignity. 1688—Alexander Pope, poet, born; died 1744. 1820—Richard Grant White, author and philologist, born in New York city; died there 1885. 1855—Victor Hugo, French poet, dramatist, novelist and patriot, died, born 1802. 1895—Edward Bellamy, author of "Looking Backward," "Equality," etc., died at Chicago Falls, Mass.; born 1860. 1890—Grisi, the Italian dancer, died in Rome. Milo, Rhea, French actress, died at Montmorency; born 1814.

PROSPEROUS GREEN COUNTY

"Green county," says The Broadhead Independent, "is doing pretty well thank you. The following taken from official bank reports shows deposits in banks of this county in 1896 and 1900: May 2, 1896, April 26, 1900 First National, Monroe, \$232,426.22 \$437,898.24 Citizens Bank, Monroe, 117,348.81 307,039.40 Bank of Broadhead, 69,044.90 123,778.23 Green County Bank, 54,405.55 151,462.74 Bank of New Glarus, 24,233.53 85,625.08 Bank of Monticello, 11,680.15 85,390.50 Bank of Albany, 16,066.67 48,090.98 Totals, \$555,508.04 \$1,312,835.63 "Increase in four years—\$757,327.59—or 136 per cent. This increase is the surplus of the people and shows that something happened in the interest of confidence and prosperity when McKinley got the machinery running. Wasn't that a pretty good change and would it be a wise thing to change back?" The Independent makes a telling point. Everyone knows that "something has happened," but such conclusive home illustrations are of interest and value, just the same.

Constant Reader—Not only is an alderman subject to removal from office if he has any direct or indirect interest in any city contract, but he is also subject to a penalty of \$50 if he votes to pay money on any contract in which he may be directly or indirectly interested. The charter has long been disregarded in this respect, however. If you want to make trouble, you can "ketch 'em a'comin' and a'gwine."

The democratic convention of White county, Tenn., passed strong resolutions declaring for the retention of the Philippines. White county appears to be well named, even if democrats are numerous enough so that they hold a county convention.

Madison employs a permanent sidewalk inspector and has never paid a damage suit verdict. Janesville has no permanent inspector, and has paid verdicts amounting to thousands of dollars. Which system is the better?

A highwayman held up a Kansas City hotel the other day, but the real thing in the hold up line will be seen when the hotel man holds up the delegates to the democratic national convention.

The Beloit Free Press is right. No matter who the nominee for governor may be, the majority in the First Congressional district will be heavy—not less than ten thousand.

The total value of the exports from Manila from August 13, 1898, to December 31, 1899, was \$19,838,355. And with war raging too, A pretty fair piece of business property isn't it?

We hope, however, that Mrs. Dewey will spare the Admiral the humiliation of trying to find and preserve his boom. There are some things that even Mr. Dewey cannot do.

The bank deposits in Kansas have doubled since 1896. Funny, isn't it, how things began to hum after Jerry Simpson took to wearing socks!

There are no smokeless factory chimneys in a Bryanless country.

ABOUT MR. WHITEHEAD.

Berlin Paper's Compliments.

Berlin Courant—John M. Whitehead of Janesville, state senator from the First district, and a candidate for nomination for governor on the republican ticket, was in Berlin yesterday calling on men of the party. He is a man of fine address, genial disposition and most excellent reputation. He is spoken of by the press as an able lawyer. He has been active in the senate. The law creating the state tax commission owes its passage to him. He championed the anti cigarette law. He worked his way through school, and graduated from Yale in 1877, was admitted to the bar in 1880 and settled in Janesville in 1883, was elected state senator in 1896. Is state president of the Y. M. C. A. The

republican party can congratulate itself on having some good men as candidates for governor.

Vote Will be Solid. Beloit Free Press—Whether the republican candidate be Whitehead, Bradford, Stebbins Jones, Rogers or La Follette, the republicans of the First Congressional district have somewhere in the neighborhood of a ten thousand majority to give him.

A Green Lake Opinion. Green Lake County News—For deep thought, straight, honest republican principles, commend yourselves to the care and guidance of J. M. Whitehead.

Chicago Live Stock Market. Hogs—Receipts, 10,000. Estimates for tomorrow, 25,000 Market fully to higher. Light—\$5.22. Heavy—\$5.10-\$5.15. Heavy—\$5.30-\$5.35. Mixed—\$5.10-\$5.15. Cattle Receipts, 2,000. Market steady. Sheep Receipts, 10,000. Market steady.

Wheat was dull but firm and close showed small gain for day. Primary receipts and clearances were light. Liverpool was 3 D. lower and Paris was 15 C. I. higher. There was no rain in the N. W., but signal service predicted showers for tonight. Bradstreet's world's visible decreased 132,000. Cash business was light about 100,000 bu. being taken for export.

Corn weakened early, but latter reacted on buying by leading Bull powers. Crop reports were very favorable, but country sales to arrive were again light. Primary receipts small, while clearances were fairly large. Liverpool was 3 D. lower. About 250,000 bu. was sold here for export. Oats: Elevator people sold oats and there was some liquidation by scattered longs. Receipts very large, 310 cars, while crop advices were in the main favorable. Provisions: Lower all around commission houses were free sellers. Packers here were buyers against cash sales. The general sentiment in the pit today and what is most looked for tomorrow is bullish. There is no doubt but what wheat as well as corn has reached the low price for the present. W. T. CARPENTER.

Methuen's Ancestry. Lord Methuen, the English general who commanded the troops recently engaged in the battle of Belmont, during the present Transvaal troubles, comes from famous legal stock. His ancestor, John Methuen, the founder of the Methuen family, was the lord chancellor of Ireland from 1697 to 1701, and was afterward very prominent in the diplomatic affairs of the times. He was at one time ambassador to Portugal, and was the framer of the treaty between Portugal and England known as the Methuen treaty.

Earliest Bishop in America. A tablet of stone in memory of Bishop Welton has been placed in old Christ church, Philadelphia. Bishop Welton served the Philadelphia parish from 1724 to 1726. Prior to his arrival he had attained considerable note in the English church, among other positions having held the important rectorship of Whitechapel, London. He was the earliest consecrated bishop in America, and with possibly one exception, the only one prior to the revolution.

Butler's Golf Club. The young women of Butler college, Indiana, are absorbed in golf, which has recently been introduced as a college sport. An effort was made, several years ago, to organize a golf club at Butler, but, owing to the lack of interest in the game, the movement was abandoned. The presence of Miss J. Anna Carpenter, an expert amateur player, has revived interest, and a golf club of over fifty members has been formed.

Nearly Kentucky Families at Large. In conversation with a gentleman from Magoffin, Ky., a few days ago, he gave some exceedingly interesting facts about the number of voters of some of the families in his county. There are about 1,900 voters in Magoffin county, and of these one-seventh belong to three families. There the 84 Howards, of whom about half are Democrats and half are Republicans; 87 Patricks, of whom 77 are Republicans and 10 Democrats; 81 Arnets, of whom 79 are Democrats and only two Republicans.

Scrap Iron Again Valuable. In old times any sort of scrap iron was of value; a broken-down stove, or an old iron pot, or anything whatever of iron could be sold to the junk dealer. A boy who came into possession of anything of that sort knew that he had something that could be disposed of for money. Then, with cheaper iron, came a time when all such things had no market value whatever. Rusty stove pipe, old iron hoops, old grates and galvanized pipe were thrown on the rubbish heap. But with the present prices of iron all these things have a value. "Anything with iron in it is worth something, nowadays," a wholesale dealer said.

STATE Y. M. C. A. CONVENTION HERE

THREE HUNDRED DELEGATE
COMING IN NOVEMBER.

Decided at a Meeting Held in Madison
Last Evening—Will Be Held in the
Y. M. C. A. Building—Prominent
Speakers to be in Attendance to Ad-
dress the Convention.

Young Men's Christian Association
delegates to the number of three hun-
dred will meet in Janesville next Novem-
ber in attendance at the annual Y. M. C.
A. convention of the state of Wisconsin.

At a meeting of the state board of the
Y. M. C. A. held last evening in the city
of Madison the prize was awarded to
Janesville. Those in attendance from
this city were Senator John M. White-
head and E. J. Cunningham.

Other cities that wanted the conven-
tion were La Crosse, Oshkosh, Wausau
and Racine. The state Y. M. C. A. con-
vention was held in this city in 1894 and
at that time the greater portion of the
money to construct the local association
building was raised. The convention
this year will be held from November 15
to an including the Sunday the eight-
eenth. The meetings will take place in
the association building.

On Sunday evening the closing ses-
sion will be held in the Congregational
church and will undoubtedly be a union
service. Prominent speakers will be in
attendance at the coming meeting from
all portions of the country.

BOWER CITY SPORTS SPEND MUCH CASH

MAKE NUMEROUS TRIPS TO
WITNESS FIGHTS.

Program at Tattersall's Has Been the
Means of Taking Much Money
From Janesville—Least Expense Is
About \$10—Many Are Going From
Here Next Week.

Since the "fistic" program has held
away at Tattersall's, Chicago, sports
from the city of Janesville have been in
attendance at the majority of the bouts.
At the last fight held at Tattersall's it
is estimated that fully a dozen were at the
ring side from the Bower City when the
first event on the program was called.
To attend one of these programs in Chi-
cago means an expense of not less than
ten dollars to the Janesville sport.

Interest in the McCoy-Ryan bout at
Tattersall's on the night of May 29 is
growing. When it is taken into consid-
eration that the contestants in the bat-
tle on that night are the exponents of
the higher type of the art of self defense,
there should be no wonder that the pub-
lic has taken more than a passing inter-
est in this boxing contest. After the
peerless Jack Dempsey stepped off the
stage as the champion of the water-
weights, and unfortunately entered the
middleweight section, where he met his
defeat in the hands of Bob Fitzsimmons,
no man held so high a position as a
welterweight as did Tommy Ryan, who
defeated every man, he was pitted
against for years. He has at all times
been a man of good habits, has taken
good care of his health, and is without
any exception as clever a man, as ever
donned a mitt.

PARKS PLEADED GUILTY TO BURGLARY

TOMORROW MORNING COURT
WILL PASS SENTENCE.

Prisoner Arrested in This City by
Chief Hogan—Charged with Enter-
ing Libby Residence at Evansville—
Prisoner Says He is Nineteen Years
of Age.

Frank Parks pleaded guilty in the
Rock county municipal court this morn-
ing to the charge of burglary. Sentence
was suspended until tomorrow morning
when the case of the State vs. Clarence
Wolhaupter will be called.

Parks may be put on the witness
stand in the action against Wolhaupter
and for this reason sentence was suspend-
ed. When the case was called this
morning the following well known resi-
dents of Evansville were in attendance:
Perry Wilder, Ira Jones, Fred Baker and
City Marshall Cal Broughton. The
prisoner was charged with entering the
Libby residence at Evansville and steal-
ing a gold watch.

When arrested in this city the stolen
timepiece was found on the prisoner.
Parks informed the court this morning
that his home was in North Carolina and
that he was nineteen years of age.

THE Woman's Auxiliary to the Y. M.
C. A. will hold a special meeting
Wednesday, May 23, at 3 p. m. at the
association parlor. A full attendance is
desired as business of importance will be
considered.

BELOIT CITIZENS ARE COMING HERE

SPECIAL EXCURSION TRAIN ON
MEMORIAL DAY.

Cheap Rates Will Result in an Im-
mense Crowd Coming to Janesville
To Witness the Base Ball Game—
Beloit Band Has Charge on the Ex-
cursion from the Line City.

Members of the Beloit band will run
an excursion train to Janesville on Mem-
orial day. There being no special at-
traction in the Line City on this day,
aside from the regular G. A. R. program,
it is expected that several hundred will
take advantage of the cheap rates and
witness the base ball game to be played
between the teams of the University of
Wisconsin and Beloit college.

All Beloit is manifesting a deep inter-
est in this coming contest and it is quite
evident that the Line City intends to
have just as many rooters at Athletic
park as the University of Wisconsin.

Manager Fisher reports that unusual
interest is being shown in Madison and
that when the game is called the Capitol
City will have a delegation present that
will be fully capable of making their
presence known. Both teams will be
escorted to the grounds by two bands.

AGED VETERAN BEFORE THE COURT

Says That He is Sorry That He Dis-
graced the Grand Army Button
by Getting Drunk.

M. V. Mixon, a sixty year veteran of
the civil war, appeared before the munic-
ipal court this morning on the charge of
being intoxicated. The aged prisoner
informed the court that last Saturday he
was sixty years old and that in order to
celebrate the event he started out and
over indulged in liquor.

Mixon said that he arrived in town
after making the trip here from Foot
ville on foot. Soon after his arrival in
the Bower City he at once realized that
Saturday was his birthday. Then he
started out and was soon filled with
whisky. Yesterday he was placed under
arrest by Officer Brown.

Mixon earnestly pleaded with the
court this morning for his release prom-
ising to leave town within two hours
time. When asked by the court if he
had anything to say why sentence
should not be passed the gray haired
veteran stood before the bar of justice
with tears in his eyes. He said:

"I am on my way to visit my brother
in Sauk county. I am traveling as best
I can. Most of the way I have walked.
I served four years in the civil war and
was confined in Libby prison six months.
I know that I have disgraced the Grand
Army button but I could not help it. I
enlisted in the state of Ohio 'as a mem-
ber of the Eighth Ohio.'"

The court then informed the aged
prisoner that if he could get out of town
within two hours he could leave. He
left.

William Smith, a resident of South
Jackson street, was fined \$2 and costs
or a total of \$8.20 on the charge of being
drunk and disorderly. He settled.

Miss Nora Holloway.

Miss Nora Holloway of this city, died
at Pittsville, Ill., last evening at 6:30
o'clock after having been ill for several
weeks. Deceased was twenty six years
of age and was the eldest daughter of
Mrs. Kittie Holloway, 158 South Main
street. She went to Jacksonville, Ill.,
about two months ago to submit to a
surgical operation, from the effects of
which she did not recover. The funeral
will be held in Pittsville.

HORSE SUDDENLY EXPIRES

Dropped Dead on the Milwaukee Street
Bridge.

While being driven across the Milwau-
kee street bridge this morning a horse
belonging to Eugene Fish, the drayman,
dropped dead. The animal was hitched
double to a dray and was being driven
by Mr. Johnson. When in front of the
O. H. Spencer shoe store the horse all at
once showed signs of being ill and as
soon as possible it was unhitched and
the harness removed. The men had no
more than removed the harness than the
quivering animal fell over and expired.
The horse was a valuable gray that had
been owned by Mr. Fish for several
years.

WELL KNOWN COUPLE UNITED IN MARRIAGE

Morris Lloyd Ceremony Will Be Per-
formed This Afternoon—Eggleston-
ton-Wisch Wedding Sunday.

At 4:30 o'clock this afternoon at the
Pleasant street home of Mr. and Mrs.
John Lloyd the Rev. A. C. Kempton of
the Baptist church will perform the cer-
emony that will unite as husband and
wife William Morris and Miss Leone
Lloyd. The ceremony will be witness-
ed by relatives and a few intimate
friends. Following the ceremony the
serving of the wedding repast will be in
order.

The prospective bride is the daughter
of Mr. and Mrs. John Lloyd and is a
most worthy woman. For some time
she has been an active worker in the
Baptist church of this city and is the
possessor of many true friends.

Mr. Morris has been a resident of this
city for many years and is a gentleman
who needs no introduction. He is presi-
dent of the Wisconsin Carriage Top
company, and is one of Janesville's most
prominent business men. After a wed-
ding trip the happy couple will return to
take up their home in this city where
they will receive the best wishes of a
large circle of friends.

Eggleston-Wisch.

Sunday, at the Second ward home of
the bride's father, the wedding ceremony
was performed that united as husband
and wife George Eggleston and Miss
Alice Wisch. Rev. Richey of Trinity
church, performed the ceremony, which
was witnessed by relatives. The bride
and groom are both well and favorably
known in this city. The bride is the
only daughter of Charles W. Wisch, and
is a young lady who has a host of
friends. The groom has charge of the
Myers house bus and is an industrious
young man who has the respect of a
large circle of acquaintances. Mr. and
Mrs. Eggleston for the present will
make their home with the bride's father,
where the best wishes of many friends
will follow them.

Family Happily Named.

twins, a boy and a girl. The first
twins were boys and he named them
Peter and Repeater; the second twins
were girls and he named them Kate

cided upon naming the boy Max and
the girl Climax, and was correspond-
ingly happy.—Freeport Journal.

Cattle Barn a Nuisance.

When the owner of a city lot builds
a large barn immediately adjoining
and in front of his neighbors house, on
an adjoining lot, where he kept a
number of cattle, horses and other
animals, and thereby seriously inter-
fered with the comfortable enjoyment
by the neighbor and his family of
their home, the neighbor had a right
to have the barn abated as a nuisance.
This was decided by the Court of Civil
Appeals of Texas, in the case of Hock-
aday vs. Wortham.

Good and Bad Oranges.

To a great many people an orange is
an orange, but there are oranges and
oranges, and several grades are gath-
ered from the same orchard not only,
but from the same tree. An orange
plucked from the sunny side of a tree
does not look like a nearer relation
to an orange plucked from a less fa-
vored side of the same tree at the
same time than a third cousin. Hence
there is a wide range in the quotations
on oranges of the same stock from the
same locality.—National Fruit Grower.

to be paid monthly for his gospel
teachings, but has not received a cent.
The only names mentioned in the suit
are the three trustees of the church.

DAY OF MANY RIOTS.

Eight Persons Shot and One of Them Is Killed

IN ST. LOUIS LABOR WAR.

An 18-Year-Old Lad Slain—Other People Shot and Pelted with Stones by Men and Women—Bullets Fly in Many Quarters.

St. Louis Mo., May 22.—This has been a day of many riots. Eight persons are known to have been shot, and one of them was killed. Martin Zika, 18 years old, was shot dead this afternoon by Owen Farley, a conductor on one of the St. Louis Transit company's street cars. The killing was accidental. A mob of several hundred men had attacked Farley's car, and several stones were thrown at the conductor, who fired into the crowd. The bullet struck Zika, who was standing in the door of his home, 1300 Geyer avenue. Conductor Farley and Motorman Joseph Drake were arrested. Both denied the shooting, but Farley afterward admitted that he shot at a man who was throwing stones at him, and the bullet hit Zika by accident. A bomb was exploded under a car opposite 608 Market street in the afternoon, lifting the car from the tracks, but doing no damage to those aboard. The force of the explosion was so great that it tore up the earth for about three feet alongside the rails, shattering granite blocks. A mob of 400 attacked a car at California avenue and Meramec street. The guards and crew responded to the missiles hurled at them with shots from their revolvers, wounding three men—James Cake, serious; Julius Joy and Eli Smith. William Humphrey, Frank Curriess, Clarence Higgins and Charles Samuels, who were operating and guarding the car, were arrested.

Four persons were injured in a fight at Thirteenth and Hebert streets, in which fully 100 shots were fired. As the streets were crowded with people it is remarkable that the number of injured was so small. Clarence E. Mullen, a motorman, was shot in the upper portion of his left arm. His home is in Jacksonville, Ill. Minnie Krueger, 18 years old, was struck in the left thigh by a glancing bullet. The wound is not serious. Two rioters, whose names were not learned, were shot. Several policemen, who took part in the scrimmage, declared fully half a dozen members of the mob had been shot down. The best information and the evidence of the greater number of officers is, however, to the effect that only two were shot by the police. They were at once carried off by their friends.

The passengers on the cars made wild scrambles for the open air when the trouble began. Among them were three women, and the female sympathizers with the strikers, who were present in large numbers, pelted them with stones, clods, and sticks and made them run for their lives. For several squares the chase was kept up, the three women running across some vacant lots, still hotly pursued by the crowd of women, who succeeded every now and then in striking one of the fugitives with a stick or stone. At Eleventh street and Park avenue a mob of several hundred men and women attacked the last car on the Park avenue line as it was on the home trip. Several stones were thrown and a shot was fired. Other riots not so fierce took place.

Kills His Child's Abductor.

Mount Vernon, Ill., May 22.—Thomas Summers, who lived near Spring Garden, this county, was shot and killed by Silas Riggs. Two weeks ago Summers, who was married, ran away with Riggs' 17-year-old daughter. Last Saturday Summers returned, but not accompanied by the girl, whose father was unable to learn of her whereabouts. Sheriff Manson went to Spring Garden, arrested Summers on a charge of abduction, and brought him to town for the preliminary trial. Riggs was in waiting, and upon the arrival shot Summers in the head, then after the victim had fallen out of the buggy he fired two shots more into his body at short range, killing him almost instantly. Riggs came to town and surrendered. Summer leaves a wife and several children.

extended by Col. Shaw, commander-in-chief of the Grand Army of the Republic, to attend the annual encampment at Chicago next August. Col. Shaw was accompanied to the white house by George H. SHIP SINKS AND 140 DROWN.

Terrible Disaster to a Chinese Passenger Vessel for Foo Chow.

Victoria, B. C., May 22.—The steamer Kinshin, which left Yokohama May 7, brings the latest advices of a catastrophe on the Chinese coast in which 140 lives were lost. A Chinese steamer was wrecked, the disaster being due to the overcrowding of the vessel. The Foo Chow Echo tells the story thus: "The natives owned the steam launch Kwong Yut, which was bound from Kwong Tow, with passengers for Foo Chow, and which was approaching the Mingan pass when it was met by the steamer Haitan, outward bound. The wash from that steamer appears to have either created a panic among the passengers or to have caused such a roll as to throw them all on one side. The launch failed to recover its equilibrium and sank. Only fifty or sixty persons, including the crew, escaped, these because they were able to swim to the shore."

Four Children Die in Fire.

Nashville, Tenn., May 22.—The house of Thomas Brody, ten miles from Nashville, was consumed by fire, and four of his children perished in the flames. Brody was a tenant farmer and lived in a small frame house. He, his wife and two grown daughters went to church in the evening. They left four smaller children asleep. Returning from church at 10 o'clock the house was found in a blaze. The entrance was obstructed by flames, but the children could be seen still asleep in the room. The four were burned to death. Two of them were boys and two were girls, and their ages were from 5 to 13 years.

Ten Years Pain

"I am a school teacher, have suffered agony monthly for ten years. My nervous system was a wreck. I suffered with pain in my side and had almost every ill known. I had taken treatment from a number of physicians who gave me no relief."

"One specialist said no medicine could help me, I must submit to an operation."

"I wrote to Mrs. Pinkham, stating my case, and received a prompt reply. I took Lydia E. Pinkham's Vegetable Compound and followed the advice given me and now I suffer no more. If any one cares to know more about my case, I will cheerfully answer all letters." MISS EDNA ELLIS, Hingham, Ohio.

TIME LIMIT OF PASTORS

Provokes Lively Discussion in Methodist Conference.

A TIME-HONORED CUSTOM.

Dr. Henry Withdraws from the Race for Bishop in Order to Break the Deadlock—Convention Anxious at Loss of Time Begins Balloting for Other Officers.

Chicago, May 22.—While the debate on time limit of pastors' terms of service is in progress at the Methodist general conference Bishop H. W. Warren is in the chair.

Edward J. Gray of Pennsylvania, in speaking against the removal of the limit, referred to the speeches of Dr. J. R. Day and Dr. C. J. Little, accusing them of ridiculing a system that was sacred to the Methodist church. Both men arose and declared they had been misrepresented. Mr. Gray accepted the correction and continued with his speech. John Field of Philadelphia spoke in favor of removing the time limit. Dr. S. P. Cadman of New York pleaded for a system that had in it "a maximum of adaptation and the minimum of change." The minority report favored the principle for which he contended, but harassed the detail. "I have heard it freely talked," he said, "that some of our present officials are to be punished by being sent back to the pastorate. I regard this as a libel on the pastorate. As if any man would be degraded by exchanging any official position for the pastorate."

T. M. Bacon, champion of the minority report, feared the itinerancy was doomed if the time limit was removed. Judge T. H. Murray, of Pennsylvania, said: "This is the biggest question this conference has dealt with. In behalf of the 68,000 Methodists of the Central Pennsylvania Conference I ask you not to remove the time limit, or no man can measure the consequences of such a course." Eulogies of the officials who have died within the last quadrennium were delivered at night in Studebaker hall. Bishop Hurst presided and read the first address, that on the life of Bishop John P. Newman. The life and works of Dr. A. J. Kynett, former secretary of the Church Extension society, were eulogized by Dr. Elliott of Philadelphia. Dr. J. V. Kelly delivered the address in memory of Dr. Charles H. Payne, former president of the Ohio Wesleyan University at Delaware, O. Dr. Nanz spoke of the life of Dr. N. J. Nagler, former editor of the Home Magazine.

Ballots for bishops stand as follows:

D. H. Moore	237	263	363
J. W. Hamilton	259	332	371
J. R. Day	89	163	199
J. F. Berry	296	320	173
Henry Spellmeyer	135	107	113

For missionary bishops:

Edwin W. Parker	558
F. W. Warner	490

Necessary to election 445. In despair of reaching any conclusion by balloting for bishops, the conference has turned to the selection of missionary bishops to southern Asia, and on the first ballot elected Edwin W. Parker and Frank W. Warner. Dr. Berry withdrew from the list of candidates for bishop in order to assist in breaking the deadlock.

Lover Kills Girl and Himself.

Hood River, Ore., May 22.—Miss Ida Foss, a school teacher, aged 25 years, was shot and instantly killed by her lover, Benjamin Wagnitz. Miss Foss boarded at the home of Wagnitz. In a fit of anger and jealousy he attempted to stab her, and afterward, while following her in the yard, shot her with a rifle. After seeing what he had done he expressed great sorrow and, although having only one arm, carried her into the house and covered her with a blanket. He then went out, leaned against the rifle, pulled the trigger and fell dead. Wagnitz was 26 years of age.

Sticks to St. James' Bible.

New York, May 22.—Distinguished Baptist clergymen who hold divergent views as to whether they should go on circulating the old King James version of the Bible or continue to put the society's money into the translation of a new one had a lively controversy at the annual meeting of the American and Foreign Bible society. When the session was over the champion of the King James version had won a signal victory for the first time during a fight extending over ten years.

Police Locked Up by Pupils.

Muncie, Ind., May 22.—The police were called to the high school shortly before midnight by Prof. Snyder to prevent trouble between the senior and junior classes, but the police were locked in a room by the students. The seniors attempted to float their pennant over the building. They reached the roof, hoisted the flag, and then served ice cream and cake. The junior boys made an attack and chased the seniors from the roof before the police arrived.
